Dan, Christine, and JB,

Dave and I are preparing for the briefing with Nancy Stoner on the Oregon TMDL litigation on Friday, 2/7. We're interested in what outcomes you think would be useful from the meeting. We'll touch base with you and/or schedule a time to talk in the next few days.

I think the 12/11 briefing paper for Dennis is still relevant and that we could use this for Nancy. It's what we had planned to give to Nancy before we canceled in December. EPA HQ has asked to see a copy, preferably this week, and I intend to give them something by Wednesday.

At a minimum, we can give Nancy information on where we're at with the heads up on the resources likely needed for each option. Here are some bullets:

Non-Responsive

Dave and/or I will be following up with you, and if you have thoughts by email, feel free to send. Thanks!
